## WHEN YOU WISH UPON A SHELL

Patrick and SpongeBob are playing with their toy robots, but they are getting bored. SpongeBob has the great idea to wish upon a magic wishing shell for real robots! They wake up the next morning to discover their wish has come true, but not exactly as they had hoped. An army of mindless robots is destroying Bikini Bottom and it is all SpongeBob's fault! What is he going to do?

Or maybe....

The night before, the evil Plankton set into motion his most diabolical plot ever. He created an army of robots using his new invention device called the Duplicationtron 3000. The only problem is that he forgot to turn on the "obey Plankton" switch and now his robot army is running amok in Bikini Bottom.

So it is not SpongeBob's fault, but he does not know that...

What is a sponge to do?

## INTRODUCING... OUR HEROES

"As long as these pants are square and this sponge is Bob, I will not let Bikini Bottom down!"

Welcome to Bikini Bottom! Let's meet our three heroes, the ones who are going to save Bikini Bottom (at least we hope so):

Maybe he's not the strongest, or even the laziest, but SpongeBob SquarePants has something no one else has - Bubble Blowing! From Bubble Viking Adventures to spinning Bubble Wishes, SpongeBob's bubble creations are unique.

Patrick. Happy Patrick. Patrick is very strong. He may not have Bubble Blowing or Lazonees but he's strong enough to pick up small robots and throw them long distances. Watch those robots fly!

6

## INTRODUCING... OUR HEROES

Sandy is our all-around action gal. With her Claws Loose by her side, she can traverse long gaps, swing over obstacles, or fly up. Come find robots before they can get close. And let's not forget her squirrel Karaoke!

## ITEMS

Need to get to another part of Bikini Bottom? First, SpongeBob or his friends will have to earn Golden Spoons by completing tasks.

Shiny Objects are used as currency. SpongeBob can use them to purchase Golden Spoons or to gain access to some off-limits areas.

Nothing makes SpongeBob feel more like a new Sponge than a pair of Clean Underwear! Every time SpongeBob takes damage, he'll lose a pair - so don't lose them all or you will remain in the last (bad) pants! If you need SpongeBob to have even more underwear than he normally wears, find a pair of Golden Underwear. They're difficult to find, but it's so worth it.

Whenever you see this hint, wink. SpongeBob over to it so turn into SpongeBob SquarePants. SpongeBob will roll himself into a ball!

Throw Fruits are found throughout the world and look like watermelon. Patrick can use them to destroy robots, throw them to hit far away objects.

Toxin Trailer Witches can be found floating in salt air. Sandy uses her Lazonees to attach herself to them and launch herself over large gaps, or even move rapidly from one end of a level to the other.

## ITEMS

**Wood Tiki** - These are the most common Tiki in Bikini Bottom, and the easiest to break open.

**Floating Tiki** - Unlike other Tiki, these Tiki float around. Patrick's Throw never came in handy when trying to open one of these.

**Solid Tiki** - Solid are the sturdiest Tiki of the beach, giving their big ears. These Tiki hide when someone approaches, only reappearing when the coast is clear. If you are playing as SpongeBob, try to sneak up to them quietly.

**Thunder Tiki** - Tread lightly around this grumpy Tiki. The slightest touch triggers a thunderous explosion a few seconds later. This explosion destroys surrounding Tiki and reduces health of whoever's nearby.

**Stone Tiki** - Constructed of solid rock, the stolid Stone Tiki is impervious to most attacks. Only SpongeBob's Crabie Bubble can break a Stone Tiki.

You must collect enough Shiny Objects to plug the Cane to open up additional gameplay areas.

**Taxi Stands** will take SpongeBob to new levels once he has collected enough Golden Spatulas.

Use the **Bus Stops** to switch between playing SpongeBob, Patrick and Sandy.

Patrick's socks have been stolen by the menacing robots. Return Pat's socks to him, and he will reward SpongeBob with Golden Spatulas.

**Information Signs** give SpongeBob helpful tips along his adventure.

## LEVELS

### BIKINI BOTTOM

Hey SpongeBob! It's time to meet the neighbors and get some help. Of course, collecting Shiny Objects and Golden Spatulas is a good thing too!

**Tip:** Want to know if you can talk to something? Look for the button prompts.

### JELLYFISH FIELDS

Squidward's been stung by jellyfish! To help him, SpongeBob embarks on a dangerous journey to the top of Spiky Mountain to collect King Jellyfish Jelly, the only known cure for severe jellyfish stings. The only problem is that King Jellyfish is up there and he's not interested in sharing.

**Tip:** If you need to swap out characters, look for a Bus Stop.

### DOWNTOWN BIKINI BOTTOM

There's trouble brewing in Downtown Bikini Bottom - robot trouble. SpongeBob lands there in time to warn the word on the streets is and how he can help.

**Tip:** Sandy thrown her Lasso at whoever the big polluting band is, well ... polluting it.

## LEVELS

### GOD LAGOON

After Downtown, SpongeBob takes a minute to relax out at God Lagoon. The problem is the robots aren't taking it easy. Larry the Lobster needs SpongeBob's help - and fast!

**Tip** If you need Patrick to pick up something, hit the X Button once. If you want him to throw it, hit the X Button again.

### POSEIDOME

King Neptune's ultimate sporting venue has been infested with robots! King Neptune demands that SpongeBob and Patrick rid him of the robot menace.

### ROCK BOTTOM

Mrs. Puff tells SpongeBob that the robots are ransacking the Rock Bottom Mess Hall. Can he find a way in and stop them before it's... yelp... too late?

**Tip** Having a problem spotting something? Try rotating your camera around to get a better look.

## LEVELS

### MERMAAIR

Oops! The wily robots have even located Mermaidman and Barnacleboy's secret lair! Can SpongeBob stop them the scary again, disable the robots, and defeat the evil of PLUCK before Mermaidman and Barnacleboy get back from their doctor appointments?

**Tip** Want a little more slip in that bubble bow? Just hold on to that Button a little longer... longer... yeah! That's about right!

### SAND MOUNTAIN

It's time for some sand-surfing... Texas style! And if you jump down into a deep, dark, dank pit, Pluckton will give you a Golden Spinster!

**Tip** If you tap the A Button 3 times, Sandy can use her Lasso like a helicopter.

### INDUSTRIAL PARK

Wack! Nothing like liquid industrial waste to give an absorbent SpongeBob the shivers. And why does that giant robot you're fighting look so familiar?

## LEVELS

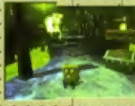

### KELP FOREST

It's dark. It's spooky. Must be the Kelp Forest. Be careful, or you might not be able to "leave."

**Tip:** For a nice bonus or two, try going back to previous levels as different characters. You might find a few hidden treasures that were left behind.

### FLYING DUTCHMAN'S GRAVEYARD

The Flying Dutchman's ghost is so upset he can't even work up the nerve to scare anyone. Those dastardly robots have commandeered his ship and are using it to battle each other. Can SpongeBob get the ship back?

**Tip:** Try talking to everyone you can. That's right! Evergood Tang might know something you don't. Or they might have something for you to do. Or they might be kidding. Poor kindly people!

### SPONGEBOB'S DREAM

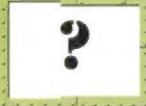

So deep... It's a SpongeBob dream! With Dream Bubbles! And Golden Spotted Well. It's just a dream. I can't hurt to grab a few things, can I?

**Tip:** For warping around levels, nothing beats a quick trip to the Pause Menu.

## LEVELS

### CHUM BUCKET LAB

Alas! Plankton's scheme has been unveiled and it's time to teach him a thing or two about gratuitous robot rewrites, but some unexpected surprises still await SpongeBob.
